## National Horse Show and Fair.

We publish this afternoon the proceedings of a meeting of citizens at the council room, last evening, which initiated the preliminary arrangements for a National Horse Show and Ladies' Equestrian Fair in this city on the 4th, 5th, 6th and 7th days of September next. The proposed exhibition is the 6th of a series of similar ones instituted and conducted by J. Milton Smith, of Galesburg, Illinois. The idea of a show and fair of this character was suggested to Mr. Smith by the exhibitions at Springfield, Massachusetts, and designed to accomplish the same objects in the west, that the Springfield fairs accomplish in the eastern states. Mr. Smith has already established five of these fairs, the first three at Galesburg, Illinois, where their success and reputation was such as to create a desire for them at other places. The 4th was held at Mendota, Illinois, and the last (the 5th) at Dayton, Ohio. In every instance, so far, he has met with the most encouraging success. From 20,000 to 50,000 people have attended them, the attendance increasing as they become more widely known. He now proposes the 6th exhibition at Janesville, and has selected this city over liberal and tempting offers from various places, not only in this state, but other localities in the west and southwest. In his exhibitions in Illinois, much of the best stock on exhibition came from Wisconsin, and the ample railroad facilities and general accommodations possessed by Janesville has induced him to locate the fair this year here, as a compliment and convenience to Wisconsin as well as from motives of self-interest.

The proceedings of the meeting last evening are preliminary to the most liberal arrangements for the contemplated fair, both as to the amount and value of the premiums to be offered, which have heretofore averaged \$2,000, with several special awards, and the accommodations to be provided for exhibitors and visitors. The use of the grounds belonging to the county agricultural society have been secured, on terms entirely satisfactory to that society, and it is believed by the best friends of that society that the fair of Mr. Smith, so far from being any detriment to the next fair of the society will materially aid it. Certainly the proposed horse show is conceived in no unfriendly spirit to the county society, and we hope it will not be so regarded or treated.

Among the arrangements contemplated by Mr. Smith is the erection of an amphitheatre from 500 to 800 feet in length, capable of seating from 20,000 to 50,000 people. This will give every opportunity for a full view of the ladies' equestrian trial, which is a prominent feature of the fair; the trotting matches, for which liberal premiums, aside from the awards on stock, will be offered; the gentlemen's equestrian trial, which is an entirely new feature in this section of the country, and the various exhibitions over the course of the fair grounds. At all the previous fairs of Mr. Smith, the railroads have carried stock free and reduced passengers rates one-half the usual fare, and it is expected, as a matter of course; the same rule will be adopted by the several roads centering here.

The peculiar advantages to Janesville of a fair like the one proposed, which will bring to it a very large number of the best horses in the western states, and so large a concourse of people as have heretofore attended Mr. Smith's exhibitions, are too apparent to need recapitulation. To secure these advantages, the citizens of Janesville are asked to contribute an amount that is comparatively trifling, and we cannot bring ourselves to doubt that it will not be cheerfully and promptly subscribed. An effort is now making to secure it, and we would suggest that it will lighten the labor of the committee raising it if our citizens will subscribe on the first call of the committee.

The meeting this evening at the council room will be held at 8 o'clock, and a large attendance will manifest an interest in the matter that will be gratifying to Mr. Smith, if it produces no other result.

We shall allude again to this on occasion may require, and report, from time to time, the progress of the arrangements for it; but before we close this notice, it may be proper to explain the manner in which Mr. Smith's name was used by us in connection with the Kalamazoo horse fair. When Mr. S. first thought of Janesville for his own exhibition, he wrote to an acquaintance in this city, and that person called upon us to bring the matter to the attention of our citizens. In the course of a conversation, that acquaintance alluded to the Kalamazoo fair as illustrative of the character of the one proposed by Mr. Smith, and in the hurry of making our notice then we used Mr. Smith's name as the manager of the Kalamazoo fair, without remembering the fact, of which we were well aware, that that fair was under the management of an incorporated association in Kalamazoo. Mr. Smith has been censured as desiring to attach the credit of the Kalamazoo exhibitions to his own, but he is entirely blameless, and had no knowledge of the nature of our notice until he saw it in print. At that time he had not visited Janesville, and the statement was in no way his. Mr. Smith's exhibitions are his private enterprises, and the success they have invariably met show what individual energy, with a good reputation for fair dealing, will accomplish.

**Beloit College.**  
The Anniversary Exercises of this flourishing and popular institution have been announced as follows:

The usual Baccalaureate address before the graduating class, by the president, Dr. Chapin, will be on the afternoon of Sunday, the 8th of July.

On the evening of the same day, Rev. J. L. Corning, of Milwaukee, will deliver the annual address before the College Missions Society.

The usual oration before the Library Societies, will be delivered by Hon. Harlow S. Orton, of Madison, Tuesday evening, July 10th.

Wednesday—Commencement Day—will be occupied in the forenoon by the address of Rev. Samuel Wolcott, of that city, and the afternoon by the exercises of the graduating class, whose honors have been awarded as follows:

First Orations—E. V. H. Danun, Beloit, and C. H. Mann, Beloit.

The "Master's Oration" will be delivered by Wm. A. Montgomery, valedictorian of the class of '67.

From the catalogue we learn that the corps of instructors consists of the following gentlemen, who are widely known as men of ability and scholarship.

Rev. A. L. Chapin, D. D.—President and Prof. of History and Civil Policy.

Rev. Miles T. Squire, D. D.—Prof. of Intellectual and Moral Philosophy.

Henry S. DeForest, A. B.—Tutor in Mathematics.

We learn that efforts are now being made to raise money for the endowment of one or more additional chairs of instruction, and for erecting additional college buildings. We trust and expect that these efforts will be successful.

As this is a Rock county institution, as well as in a broader sense a college for the west, we hope our readers generally who are interested in the cause of education will attend the exercise of the commencement.

**ANNIVERSARY AT MILTON.**—The anniversary exercises of Milton Academy will be held in a grove near the village of Milton, on Tuesday afternoon, July 10th, commencing at 1 o'clock.

Original essays and orations will be presented by the members of the graduating class, and by a portion of the other members of the school.

A cordial invitation is given to the public to attend.

**IN JAIL.**—We learn that Holder, the clerk of the New Lisbon county seat poll, is in the Janesville county jail, having been committed on the warrant served here by the sheriff of that county. He seems to have safely got through the perils of a mob, and we hope the penalties of the law will be meted out to him and his associates in the fraud.

**POLITICAL CONVERSION.**—We learn from the McGregor Times (Dem.) that Mr. Odell of McGregor, formerly a state senator of Indiana, and up to the present time an earnest Douglas democrat in Iowa, has abandoned democracy in all phases, and joined the republican ranks. He stomped Clayton county last year in behalf of the democratic ticket, and he is now about to take the stump in behalf of "Old Abe" and the entire republican ticket! As Greeley says, under like circumstances, "the world does move."

In one of the Ohio districts, a man taking the census so interested in a fair and honest enumeration of the population, that he asked questions of the ladies. "Ladies, how many male cows have you?" "We have no male cows," replied a young lady—a sweet ethereal creature of some two hundred pounds weight—"but we have a gentleman bull calf!" The census taker put it down.

"Seeing the Elephant," Again.

In the Weekly Gazette of the 20th ult., is an article, partly loaded and partly solid, purporting to be the proceedings of the "Johnstown delegation" who have seen the "elephant."

The resolutions would seem to indicate that Johnstown was pretty numerously and ably represented in the "show," which probably was the case, as is on other occasions, such as agricultural and political meetings and conventions, particularly the former, when Johnstown frequently numbers as many representatives as all the other towns in the county, and the city of Janesville may have one or a less number.

They also indicate that the aforesaid people had a pretty good time, and I presume that the exhibition was fully up to the description.

Lastly, the indications are that the subscriber was there in propria persona, figuring as one of the officers of the aforesaid meeting—the influence of his name guaranteeing the correctness of the expression. The circumstances above furnish an occasion which would not otherwise have been improved thus publicly, to remark in reference to exhibitions of the kind.

The time was when caravans and circuses were separate and distinct; when individuals and families could visit the one and not come in contact with the other. All are generally agreed that an exhibition of the animals of other countries, not common to our own, is both interesting and useful, and properly conducted, is unobjectionable; whereas, the sober and reflecting part of community are of the opinion that circuses, being the resort of all who are usually termed "rowdies," are of doubtful if not pernicious tendency.

But now these two are so combined that those who would wish to visit and inspect the caravan, are obliged to witness the gyrations of males and females in indecent costumes and postures, and listen to clownish nonsense and other vulgarities incident to such exhibitions, and are not unfrequently taxed far beyond the price of admission. In this same exhibition, a tall man from a town adjoining Johnstown, whose pockets should have been beyond if not above the reach of light fingers, were depleted in the sum of twenty dollars and other valuables.

I do not inveigh against amusements as such—they are both interesting and useful—indeed, children could scarcely exist and flourish without them. But shall we not take pains to furnish them of the right kind, that they will be under no necessity of resorting to those that are baneful and pernicious?

And when we shall be successful in furnishing the right kind, will we not be justified in doing what we may legally and legitimately in banishing from our state those of the opposite?

People of Wisconsin, and of Rock county, may we not, will we not imitate the example of Vermont, and induce our legislature to pass an act prohibiting circuses in this state?

Vermont did so a number of years ago, and the people at large suffered no inconvenience in consequence. After a while an influence prevailed with the legislature to repeal the act, and to use the words of an intelligent son of that state, "circuses poured in and flooded the state to such an extent that their name was 'legion'." The law was then re-enacted, and for the last ten or twelve years that state has been free from that contaminating influence.

But some one may inquire if such is my opinion of circuses, why I lent my countenance on the occasion referred to, why I was found mingling in such scenes. Why, sir, the fact is, notwithstanding my name appears so conspicuously in the proceedings of that meeting, that I never saw the inside of a circus but once in my life, and that was more than a quarter of a century ago, and am able to prove an *alibi* from both "show" and "meeting," and the only reason that I can assign why the getter up of those resolutions used my name and Mr. Pember's, is that he considered that they would give the highest authority to the statement of facts thereunto referred to.

**JANESVILLE, July 2, 1860.**

Pursuant to public notice, the citizens of Janesville met at the common council room, for the purpose of making arrangements for the sixth annual exhibition of the "National Horse Show and Ladies' Equestrian Fair Association" to be held in this city, commencing on the 4th of September next.

Chas. Holt was called to the chair, and H. M. Hale appointed secretary.

On motion, John J. R. Pease, Esq., was elected president of the association.

On motion, a committee of five, consisting of the following named gentlemen, was appointed to report the names of nine suitable persons to act as an executive committee for the association; also, suitable persons to act as marshals—H. E. Pattison, O. P. Robinson, D. H. Babbitt, A. C. Bates and Edw. McKee.

On motion, the meeting adjourned to meet at the same place on Tuesday evening, July 3d, at 8 o'clock.

The Madison Argus puts up the names of Breckenridge and Lane as its candidates. It says that "a numerous vote will be cast that way in this state," and that a state convention will be held in August, we suppose, to nominate an electoral ticket.

The Beaver Dam Democrat also supports the same ticket, and the Argus is assured that the Waukesha Democrat will hoist the Breckenridge flag. A Breckenridge paper is to be started in Milwaukee.

National Horse Show and Fair.

We publish this afternoon the proceedings of a meeting of citizens at the council room, last evening, which initiated the preliminary arrangements for a National Horse Show and Ladies' Equestrian Fair in this city on the 4th, 5th, 6th and 7th days of September next. The proposed exhibition is the 6th of a series of similar ones instituted and conducted by J. Milton Smith, of Galesburg, Illinois. The idea of a show and fair of this character was suggested to Mr. Smith by the exhibitions at Springfield, Massachusetts, and designed to accomplish the same objects in the west, that the Springfield fairs accomplish in the eastern states. Mr. Smith has already established five of these fairs, the first three at Galesburg, Illinois, where their success and reputation was such as to create a desire for them at other places. The 4th was held at Mendota, Illinois, and the last (the 5th) at Dayton, Ohio. In every instance, so far, he has met with the most encouraging success. From 20,000 to 50,000 people have attended them, the attendance increasing as they became more widely known. He now proposes the 6th exhibition at Janesville, and has selected this city over liberal and tempting offers from various places, not only in this state, but other localities in the west and southwest. In his exhibitions in Illinois, much of the best stock on exhibition came from Wisconsin, and the ample railroad facilities and general accommodations possessed by Janesville has induced him to locate the fair this year here, as a compliment and convenience to Wisconsin as well as from motives of self-interest.

The proceedings of the meeting last evening are preliminary to the most liberal arrangements for the contemplated fair, both as to the amount and value of the premiums to be offered, which have heretofore averaged \$3,000, with several special awards, and the accommodations to be provided for exhibitors and visitors. The use of the grounds belonging to the county agricultural society have been secured, on terms entirely satisfactory to that society, and it is believed by the best friends of that society that the fair of Mr. Smith, so far from being any detriment to the next fair of the society will materially aid it. Certainly the proposed horse show is conceived in no unfriendly spirit to the county society, and we hope it will be so regarded or treated. Among the arrangements contemplated by Mr. Smith is the erection of an amphitheatre from 500 to 800 feet in length, capable of seating from 20,000 to 30,000 people. This will give every opportunity for a full view of the ladies' equestrian trial, which is a prominent feature of the fair; the trotting matches, for which liberal premiums, aside from the awards on stock, will be offered; the gentlemen's equestrian trial, which is an entirely new feature in this section of the country, and the various exhibitions over the course of the fair grounds. At all the previous fairs of Mr. Smith, the railroads have carried stock free and reduced passenger rates one-half the usual fare; it is expected, as a matter of course, the same rule will be adopted by the several roads centering here.

The peculiar advantages to Janesville of a fair like the one proposed, which will bring to it a very large number of the best horses in the western states, and so large a concourse of people as have heretofore attended Mr. Smith's exhibitions, are too apparent to need recapitulation. To secure these advantages, the citizens of Janesville are asked to contribute an amount that is comparatively trifling, and we cannot bring ourselves to doubt that it will not be cheerfully and promptly subscribed. An effort is now making to secure it, and we would suggest that it will lighten the labor of the committee raising it if our citizens will subscribe on the first call of the committee.

The meeting this evening at the council room will be held at 8 o'clock, and a large attendance will manifest an interest in the matter that will be gratifying to Mr. Smith, if it produces no other result.

We shall allude again to this fair as occasion may require, and report, from time to time, the progress of the arrangements for it; but before we close this notice, it may be proper to explain the manner in which Mr. Smith's name was used by us in connection with the Kalamazoo horse fair. When Mr. S. first thought of Janesville for his own exhibition, he wrote to an acquaintance in this city, and that person called on us to bring the matter to the attention of our citizens. In the course of a conversation, that acquaintance alluded to the Kalamazoo fair as illustrative of the character of the one proposed by Mr. Smith, and in the hurry of making our notice then we used Mr. Smith's name as the manager of the Kalamazoo fair, without remembering the fact, of which we were well aware, that that fair was under the management of an incorporated association in Kalamazoo. Mr. Smith has been censured as desiring to attach the credit of the Kalamazoo exhibition to his own, but he is entirely blameless, and had no knowledge of the nature of our notice until he saw it in print. At that time he had not visited Janesville, and the statement was in no way his. Mr. Smith's exhibitions are his private enterprises, and the success they have invariably met show what individual energy, with a good reputation for fair dealing, will accomplish.

He seems to have safely got through the perils of a mob, and we hope the penalties of the law will be meted out to him and his associates in the fraud.

They also indicate that the aforesaid people had a pretty good time, and I presume that the exhibition was fully up to the description.

Lastly, the indications are that the subscriber was there in propria persona, figuring as one of the officers of the aforesaid meeting—the influence of his name guaranteeing the correctness of the expression.

The circumstances above furnish an occasion which would not otherwise have been improved thus publicly, to remark in reference to exhibitions of the kind.

The time was when caravans and circuses were separate and distinct; when individuals and families could visit the one and not come in contact with the other. All are generally agreed that an exhibition of the animals of other countries, not common to our own, is both interesting and useful, and properly conducted, is unobjectionable; whereas, the sober and reflecting part of community are of the opinion that circuses, being the resort of all who are usually termed "rowdies," are of doubtful if not pernicious tendency.

But now these two are so combined that those who would wish to visit and inspect the caravan, are obliged to witness the gyrations of males and females in indecent costumes and postures, and listen to clownish nonsense and other vulgarities incident to such exhibitions, and are not unfrequently taxed far beyond the price of admission. In this same exhibition, a tall man from a town adjoining Johnstown, whose pockets should have been beyond if not above the reach of light fingers, were depleted in the sum of twenty dollars and other valuables.

I do not inveigh against amusements as such—they are both interesting and useful—indeed, children could scarcely exist and flourish without them. But shall we not take pains to furnish them of the right kind, that they will be under no necessity of resorting to those that are baneful and pernicious?

And when we shall be successful in furnishing the right kind, will we not be justified in doing what we may legally and legitimately in banishing from our state those of the opposite?

People of Wisconsin, and of Rock county, may we not, will we not imitate the example of Vermont, and induce our legislature to pass an act prohibiting circuses in this state?

Vermont did so a number of years ago, and the people at large suffered no inconvenience in consequence. After a while an influence prevailed with the legislature to repeal the act, and to use the words of an intelligent son of that state, "circuses pounced in and flooded the state to such an extent that their name was legion." The law was then re-enacted, and for the last ten or twelve years that state has been free from that contaminating influence.

But some one may inquire if such is my opinion of circuses, why I lent my countenance on the occasion referred to, why I was found mingling in such scenes. Why, sir, the fact is, notwithstanding my name appears so conspicuously in the proceedings of that meeting, that I never saw the inside of a circus but once in my life, and that was more than a quarter of a century ago, and am able to prove an *alibi* from both "show" and "meeting," and the only reason that I can assign why the getter up of those resolutions used my name and Mr. Pember's, is that he considered that they would give the highest authority to the statement of facts therein attempted to be set forth.

Pursuant to public notice, the citizens of Janesville met at the common council room, for the purpose of making arrangements for the sixth annual exhibition of the "National Horse Show and Ladies' Equestrian Fair Association" to be held in this city, commencing on the 4th of September next, Chas. Holt was called to the chair, and H. M. Hale appointed secretary.

On motion, John J. R. Pease, Esq., was elected president of the association.

On motion, a committee of five, consisting of the following named gentlemen, was appointed to report the names of nine suitable persons to act as an executive committee for the association; also, suitable persons to act as marshals—H. E. Patterson, O. P. Robinson, D. H. Babbitt, A. C. Bates and Edw. McKee.

On motion, the meeting adjourned to meet at the same place on Tuesday evening, July 3d, at 8 o'clock.

The Beaver Dam Democrat also supports the same ticket; and the Argus is assured that the Waukesha Democrat will hoist the Breckenridge flag. A Breckenridge paper is to be started in Milwaukee.

The Aggressors.—The Placerville, Cal., Democrat, speaking of the Washeo Indian war now so fiercely raging on both sides, says the whites themselves instigated it by such diabolical acts as these: "A gentleman from Washeo states that a fellow, on the 10th of May, rode into the camp of Winnemuck, a peaceable and venerable chief, and without the slightest provocation, deliberately shot him down. The brutal act greatly exasperated his tribe, and they resolved to avenge his death."

**NO PAPER TO-MORROW.**—No paper will be issued from this office to-morrow, as it is in accordance with the universal custom among printers to celebrate our national anniversary.

### Celebration of the Fourth.

Our national anniversary will not be entirely ignored in this city, notwithstanding no regular celebration could be inaugurated.

According to previous notice given by the chief engineer of the fire department, there will be some highly interesting proceedings upon the lower bridge, by the firemen. They will commence at sunrise, at the ringing of the bells. The programme has been published heretofore and need not be repeated.

At 12 o'clock, M., a dinner will be given by the members of Water Witch Engine Company No. 2, to invited guests, at their house. It will doubtless be a good thing to be there on that occasion, as No. 2's boys are always up to time in whatever they undertake.

From movements in the kitchens about town, and other mysterious hints and preparations going on, it has been supposed that the ladies had undertaken some sort of a celebration of the fourth. It appears by a notice published by order of the committee in our paper to-day, that there is to be a festival or picnic at Patten's Grove, on the afternoon of to-morrow. The ladies of Christ Church having taken the matter in hand, we can, from their well known taste and liberality, predict that there will be a pleasant, patriotic and social festival, and that those who participate in it will enjoy "the day" as fully and completely as those who attend larger celebrations which have made greater pretensions. The grove selected is a charming spot, on the bluff east and overlooking the city. There will be ample shade, and a green carpet of nature's own manufacture is already provided. Here refreshments, ice creams, lemonades, &c., will be supplied, and all can participate, bringing with them their families, in that social converse and equality which the occasion demands, and which is so much in accordance with the principles of the immortal patriots whose deeds we celebrate. We apprehend that this festival will not be closed with the day, but that it will be continued into the evening, when the grove will be lighted up; that good music will then and there enliven the scene and that many will be induced to join in the merry dance "under the green wood tree." Such, we understand, is to be a part of the programme. So let it be, and may there be present a numerous and happy company.

There will be a contest between the several base ball clubs in this vicinity for the "championship" at the grounds of the "Bower City Club," on the park in Rockport at 3 o'clock, in the afternoon of the fourth. They are to play the old fashioned American game of base ball, and there will doubtless be an exciting contest. There will probably be a large gathering of people to witness the trial, as this manly and muscle developing game is rapidly growing into favor among the young men of our city.

Lastly, but not least in numbers, "Young America" will be out in all its glory, with an immense outlay of tea cent pieces in fire crackers, torpedoes, and every combustible material which will make a noise. Their programme will be commenced at the first streak of dawn and continued until midnight. We advise all papas to supply them liberally with change, remembering that they were once boys themselves.

**Base Ball Clubs.**  
The committee appointed by the two base ball clubs to arrange the preliminaries for the match game of ball on the 4th of July, have adopted the following regulations:

Each club is entitled to ten men, and must furnish bat and ball, with which they must play, and they must appoint an umpire, and the two umpires must choose a referee.

The grounds are those of the Bower City Club, on Rockport Park; time, 8 o'clock P. M.; the game (old-fashioned American) will be composed of three trials—best two in three—of 25 tallies each; the forfeit, a bat and ball.

The committee would suggest to the players to be promptly on the ground at the appointed time, fully prepared for an exciting game, and would also invite the citizens, especially the ladies, to lend their presence.

By Order of Com.

**GORSE TO MONROE.**—Engine Co. No. 1, of this city will go to Monroe, Green Co., to spend the fourth.

The officers of Wisconsin Lodge No. 14, I. O. F., for the ensuing term, will be publicly installed into their respective offices, in their lodge room in Lappin's Block, on Wednesday evening, 4th inst. The public are respectfully invited to attend. Doors opened at 7 1/2 o'clock.

**LETTER FROM MR. LAWTON.**—A letter from Mr. Lawton, sheriff of this county, in relation to the arrest of C. N. Holden, was handed in too late for today. It will appear Thursday.

**NEW POTATOES.**—The largest new potatoes we have seen this season were raised in the garden of Dan Pond, in this city.

**TELEGRAPH OFFICE.**—The telegraph office will be closed at 9 o'clock A. M. to-morrow, July 4th, for the balance of the day.

The comet which may now be seen in the northwestern heavens, is declared by Dr. Bond, of Cambridge, to have two tails. This is probably emblematic of the disrupted condition of the democratic party.

## Ladies' Festival.

The ladies of Christ Church, of this city, will hold a festival, on the afternoon of the 4th inst., in the grove south of the high school building; the proceeds to be devoted to the support of the church. Pedestrians will most easily reach the place, by passing through the alley leading from Main street, between the premises of Mrs. Raynor and Mr. Sloan; while the most comfortable carriage way will be found by passing around the premises of Mr. A. K. Norris. The ladies will have a plentiful supply of refreshments, with lemonade, ice-cream, &c., and they will endeavor to make their festival a pleasant gathering together of friends and acquaintances. At 3 o'clock, the Declaration of Independence will be read, to be followed by patriotic songs and volunteer remarks from gentlemen present. There will be instrumental music on the grounds, and an opportunity, for such as may desire it, "to dance on the green." A general invitation is given.

By THE COMMITTEE.  
N. B.—An omnibus will carry passengers to and from the grounds, starting from the Ford House, for five cents each.

**MESSRS. EDITORS:**—When, in the name of common decency, is the nuisance on the corner of Milwaukee and River streets to be abated? For a long time it has been a stench in the nostrils of every passerby, and endangering the health of those who are compelled to spend their time in its vicinity. Is it to be a perpetual offence, or a perfectly convenient time reserved for its removal, because the owner of the property is an alderman of the city and a man of wealth and high position? How long, think you, would he suffer such an abomination to exist on a lot belonging to somebody else, if his own pleasure or business were affected by it? What are our city fathers doing, that they permit so flagrant a violation of the golden rule so long?

In Louisiana, but one paper has yet declared for Douglas, the New Orleans Bee—while the Delta, Courier, Picayune, Crescent and Bulletin are down upon him.

**THEATRE.**—There will be two entertainments at Lappin's Hall to-morrow—afternoon and evening. In the afternoon, "The Four Sisters," "Dumb Belle," and "Fool of the Family" will be presented; in the evening, "Liberty, Equality and Fraternity," "Who Speaks First," and "Good for Nothing." These are all popular pieces, and will bring out the best talent of a company which is, by far, the best ever collected in this city. Mrs. Leighton, who is not excelled in her favorite characters by any actress on the stage, will appear in each piece.

To-night, "Cousin Tom," "Maid of the Milking Pail," and "Fool of the Family" are on the bills.

The attendance to-night and to-morrow will decide the question whether this company will remain in the city any longer.

### Life Insurance.

Those desiring this *affordable* and *cheapest* protection for their families, can secure it in our company. It has already become, in reality, a state insurance, having agents and patrons among the best business men in all the principal towns in the state. It is no longer a matter of doubt that life insurance can be conducted as well in Wisconsin as in Connecticut or any other eastern state.

While duty demands that men should insure their lives, it also demands that they should keep their money for investment at home. Confident that our success has been more than equal to that of the most "unprecedented," we would cordially invite all our citizens to call at the office, southwest corner of Main and Wisconsin streets, and examine for themselves.

S. S. DAGGETT, President.

A. W. KILLGORE, Secretary.

Charles P. Hickey, J. H. Harkness, produce dealers, and Capt. G. S. Dodge will receive applications for insurance in this company, and will also be happy to give information as to the conditions attached to any one desiring to be insured, in Janesville.

### Janesville Wholesale Market.

Reported for the Janesville Gazette, by  
**BUMP & GRAY,**  
GRAIN AND PRODUCE DEALERS.

JANESVILLE, JULY 3, 1860.

The grain market was again dull to-day, there being but little of any kind in. The few small lots that came forward at yesterday's auction, the wheat market will probably continue very dull for the next 6 or 8 weeks as pretty much of the old crop is already marketed, and the new crop will not make its appearance before at the middle of August, and perhaps later. The prospect for a good crop of wheat never looked better in Wisconsin than at the present time, so say the farmers from all directions, but we should not be surprised to learn that they begin to bow the other way before the end of the week.

For the past few years, they have commenced about the 10th of July to cry poor crops, and kept it up until after harvest. But notwithstanding the cry of rust, blight, and chinch bug, the crop has averaged good.

We make up prices as follows:

WHEAT—white winter 1.00; gold to choice milling spring at 86¢; common to fair shipping, 82¢.  
CORN—quiet at 54¢; 60 lbs. shelled.  
OATS—dull at 22¢; per bushel.  
RYE—quiet at 50¢; per 60 lbs. None coming forward.  
BARLEY—dull at 40¢; 60 lbs. fair to choice.  
HOPS—green, 60¢; dry, 1.20.  
FLOUR—spring at retail, 2 1/2¢; winter, 2.50.  
FOURTY—chickens, fat; turkeys, 75¢.

LOCAL DEPARTMENT.

Thermometrical Table.

Table with 4 columns: Date, A.M., P.M., Wind. Rows for July 2 and 3.

No Paper to-morrow.—No paper will be issued from this office to-morrow, as it is in accordance with the universal custom among printers to celebrate our national anniversary.

Celebration of the Fourth.

Our national anniversary will not be entirely ignored in this city, notwithstanding no regular celebration could be inaugurated.

According to previous notice given by the chief engineer of the fire department, there will be some highly interesting proceedings upon the lower bridge, by the firemen. They will commence at sunrise, at the ringing of the bells. The programme has been published heretofore and need not be repeated.

At 12 o'clock, a dinner will be given by the members of Water Witch Engine Company No. 2, to invited guests, at their house. It will doubtless be a good thing to be there on that occasion, as No. 2's boys are always up to time in whatever they undertake.

From movements in the kitchens about town, and other mysterious hints and preparations going on, it has been supposed that the ladies had undertaken some sort of a celebration of the fourth. It appears by a notice published by order of the committee in our paper to-day, that there is to be a festival or picnic at Patten's Grove, on the afternoon of to-morrow. The ladies of Christ Church having taken the matter in hand, we can, from their well known taste and liberality, predict that there will be a pleasant, patriotic and social festival, and that those who participate in it will enjoy "the day" as fully and completely as those who attend larger celebrations which have made greater pretensions. The grove selected is a charming spot, on the bluff east and overlooking the city. There will be ample shade, and a green carpet of nature's own manufacture is already provided. Here refreshments, ice creams, lemonades, etc., will be supplied, and all can participate, bringing with them their families, in that social converse and equality which the occasion demands, and which is so much in accordance with the principles of the immortal patriots whose deeds we celebrate. We apprehend that this festival will not be closed with the day, but that it will be continued into the evening, when the grove will be lighted up; that good music will then and there enliven the scene and that many will be induced to join in the merry dance "under the green wood tree." Such, we understand, is to be a part of the programme. So let it be, and may there be present a numerous and happy company.

There will be a contest between the several base ball clubs in this vicinity for the "championship" at the grounds of the "Bower City Club," on the park in Rockport at 3 o'clock, in the afternoon of the fourth. They are to play the old fashioned American game of base ball, and there will doubtless be an exciting contest.—There will probably be a large gathering of people to witness the trial, as this manly and muscle developing game is rapidly growing into favor among the young men of our city.

Lastly, but not least in numbers, "Young America" will be out in all his glory, with an immense outlay of ten cent pieces in fire crackers, torpedoes, and every combustible material which will make a noise. Their programme will be commenced at the first streak of dawn and continued until midnight. We advise all papas to supply them liberally with change, remembering that they were once boys themselves.

Base Ball Clubs. The committee appointed by the two base ball clubs to arrange the preliminaries for the match game of ball on the 4th of July, have adopted the following regulations: Each club is entitled to ten men, and must furnish bat and ball, with which they must play, and they must appoint an umpire, and the two umpires must choose a referee. The grounds are those of the Bower City Club, on Rockport Park; time, 3 o'clock P. M.; the game (old-fashioned American) will be composed of three trials—best two in three—of 25 balls each; the forfeit, a bat and ball. The committee would suggest to the players to be promptly on the ground at the appointed time, fully prepared for an exciting game, and would also invite the citizens, especially the ladies, to lend their presence. By ORDER OF COM.

GOING TO MONROE.—Engine Co. No. 1, of this city will go to Monroe, Green Co., to spend the fourth.

The officers of Wisconsin Lodge No. 14, I. O. O. F., for the ensuing term, will be publicly installed into their respective offices, in their lodge room in Lappin's Block, on Wednesday evening, 4th inst. The public are respectfully invited to attend. Doors opened at 7 o'clock.

G. W. LAWRENCE, N. G. C. G. GILLET, R. S.

LETTER FROM MR. LAWTON.—A letter from Mr. Lawton, sheriff of this county, in relation to the arrest of C. N. Holden, was handed to me to-day. It will appear Thursday.

NEW POTATOES.—The largest new potatoes we have seen this season were raised in the garden of Dan Pond, in this city.

TELEGRAPH OFFICE.—The telegraph of 500 will be closed at 9 o'clock A. M. to-morrow, July 4th, for the balance of the day.

THE COMET which may now be seen in the northwestern heavens, is declared by Dr. Bond, of Cambridge, to have two tails. This is probably emblematic of the disrupted condition of the democratic party.

Ladies' Festival.

The ladies of Christ Church, of this city, will hold a festival, on the afternoon of the 4th inst., in the grove south of the high school building; the proceeds to be devoted to the support of the church. Pedestrians will most easily reach the place, by passing through the alley leading from Main street, between the premises of Mrs. Raynor and Mr. Sloan; while the most comfortable carriage way will be found by passing around the premises of Mr. A. K. Norris. The ladies will have a plentiful supply of refreshments, with lemonade, ice-cream, etc., and they will endeavor to make their festival a pleasant gathering together of friends and acquaintances. At 3 o'clock, the Declaration of Independence will be read, to be followed by patriotic songs and volunteer remarks from gentlemen present. There will be instrumental music on the grounds, and an opportunity, for such as may desire it, "to dance on the green." A general invitation is given.

By THE COMMITTEE. N. B.—An omnibus will carry passengers to and from the grounds, starting from the Ford House, for five cents each. July 3rd, 1860.

For the Daily Gazette.

Messrs. Editors:—When, in the name of common decency, is the nuisance on the corner of Milwaukee and River streets to be abated? For a long time it has been a stench in the nostrils of every passerby, and endangering the health of those who are compelled to spend their time in its vicinity. Is it to be a perpetual offence, or a perfectly convenient time reserved for its removal, because the owner of the property is an alderman of the city and a man of wealth and high position? How long, think you, would he suffer such an abomination to exist on a lot belonging to somebody else, if his own pleasure or business were affected by it? What are our city officers doing, that they permit so "lagrant a violation of the golden rule so long?"

A SUGGER.

In Louisiana, but one paper has yet declared for Douglas, the New Orleans Bee—while the Delta, Courier, Picayune, Crescent and Bulletin are down upon him. There will be two entertainments at Lappin's Hall to-morrow—afternoon and evening. In the afternoon, "The Four Sisters," "Dumb Belle," and "Pool of the Family" will be presented; in the evening, "Liberty, Equality and Fraternity," "Who Speaks First," and "Good for Nothing." These are all popular pieces, and will bring out the best talent of a company which is, by far, the best ever collected in this city. Mrs. Leighton, who is not excelled in her favorite characters by any actress on the stage will appear in each piece.

To-night, "Cousin Tom," "Maid of the Milling Pail," and "Pool of the Family" are on the bills.

The attendance to-night and to-morrow will decide the question whether this company will remain in the city any longer.

Life Insurance.

Those desiring this safe and cheap protection for their families, can secure it in our Wisconsin company. It has already become, in reality, a state insurance, having agents and patrons among the best business men in all the principal towns in the state. It is no longer a matter of doubt that life insurance can be had in Wisconsin as in Connecticut or any other eastern state. While duty demands that men should insure their lives, it also demands that they should keep their money for investment at home. Confident that our success has been more than equal to that of the most "unprecedented," we would cordially invite all our citizens to call at the southwest corner of Main and Wisconsin streets, and examine for themselves.
